RE: Charles Edward McNoldy Memorial College Student Award

Dear Scholarship Applicants,

On behalf of the VAMLIS executive board, we would like to Congratulate **Clare Rodenberg, University of Virginia, as the 2019 Recipient of the Charles Edward McNoldy Memorial College Student Award!** We had a number of great candidates this year and the winner was selected by a panel of judges from our scholarship sponsors including Esri, GeoDecisions, Timmons Group, and the Virginia Information Technologies Agency (VITA). All the great candidates and essays made their selection challenging and we would encourage all candidates to apply for the scholarship in the future!

Mr. Charles Edward McNoldy is one of the founding members of VAMLIS. He served our country for 27 years in the U.S. Army, where he was awarded the Meritorious Service Medal for his career as a registered land surveyor and a registered professional engineer. He also served as the Director of the (then) Office of Mapping and Information Resources for Prince William County Government, where he supervised the development and implementation of the county's first Geographic Information System.

We want to personally thank you for your interest in this scholarship and giving us an opportunity to learn more about you. We wish all of you the utmost success as you continue your studies and look forward to having you as part of our GIS community in the future!

Note: All current students are eligible for a complimentary VAMLIS annual membership. If you are interested in becoming a member of our Virginia association of GIS Professionals, please email your request to: [secretary@vamlis.org](mailto:secretary@vamlis.org).

Sincerely,

VAMLIS Executive Board 2019
